bibinku01@gmail.com | +91 8078164113 | bibin.online | github.com/Bibinku

SUMMARY

Full Stack Developer with hands-on experience across the complete software development lifecycle, from design through deployment. Proficient in Python and Django on the backend, and React, HTML, CSS, and JavaScript on the frontend, with working knowledge of MySQL databases and hands-on exposure to React Native for mobile development. Independently designed, built, tested, and deployed multiple full-stack applications end-to-end, including client-side and server-side architecture, API development, and database design. Strong communicator, detail-oriented, and comfortable working within cross-functional teams.

EXPERIENCE

Web Development Intern, Luminar Technolab

Jan 2024 - Nov 2024

Kochi, Kerala

- Developed client-side and server-side components using Python, Django, HTML, CSS, and JavaScript.
- Built and maintained backend logic and MySQL database structures to support application functionality.
- Tested and debugged application features to ensure responsiveness and reliability.
- Collaborated with a development team using Git, coordinating on shared tasks and code changes.

PROJECTS

Karvi Enterprises - PG Accommodation Web App

kaarvienterprises.com

- Independently designed client-side and server-side architecture for a full-stack web application, from conception to live deployment.
- Built an admin dashboard with complete CRUD functionality and API-driven data management.
- Developed and managed a MySQL database to support application data needs.
- Technologies: Python, Django, MySQL, HTML, CSS, JavaScript.

PetCare - Web Application for Pet Stores

github.com/Bibinku/bowsnmoews

- Built a two-module platform (admin and customer) independently, covering both frontend and backend development.
- Technologies: Python, Django, MySQL, HTML, CSS, JavaScript.

Personal Portfolio - bibin.online

bibin.online

- Independently designed and built a personal portfolio website using React, applying component-based architecture and visual design.

SKILLS

Front-End: HTML, CSS, JavaScript, React, Bootstrap

Mobile: React Native (hands-on exposure)

Back-End: Python, Django, Django REST Framework, API Development

Databases: MySQL, SQLite

Software Development Lifecycle: Design, Development, Testing, Debugging, Deployment, Documentation

Tools & Soft Skills: Git, GitHub, Communication, Teamwork, Attention to Detail, Analytical Thinking, Organizational Skills

EDUCATION

MCA - Full Stack Development, JAIN (Deemed-to-be University)

Pursuing

BSc Mathematics, University of Kerala

2023

CERTIFICATIONS

Python - Web Development Expert - National Council for Technology and Training (NACTET), 2024

Python, Django & React - Full Stack Web Development Expert - Luminar Technolab, 2024
